## FROM THE MILITARY.

## NEW UNIFORMS AND OTHER EQUIPMENT.

Looking Forward to Summer Encampment.

New interest pervades the ranks of the Farmville Guard, and already the boys are drilling with reference to the summer encampment, which will be held at Chickamauga Poughkeepsie, N. Y., or some other interesting point. In connection it is well to remember that only those soldiers as have been members of the company for a period of six months will be allowed to take part in the encampment.

Those who desire to go must be enrolled within the next few days. The Government has supplied the company with every comfort and convenience a soldier could reasonably demand. From gloves to overcoats the equipment is complete. We are told that the overcoats cost \$25 each, though bought in large quantities.

Lieut. Clyde Duvall has taken up the work incident to the new position with interest and enthusiasm, and wears the new honor with the air of the true soldier.

The company is in fine trim and it gives us pleasure to say so.

## Death of Miss Mary Ellen Walker.

A pure, saintly spirit went from earth to heaven on yesterday morning when Miss Ellen Walker died at her home on High street. The funeral will be conducted at the house this afternoon at three o'clock, and by her pastor, the Rev. Green.

Her's was the quiet life, marked by humility and made beautiful by acts of unselfish devotion to duty and charity. She was a consistent and loyal member of the Methodist church, and not only professed christianity but lived its teachings and exemplified in daily walk and conversation. She is survived by two sisters, Mrs. John Houston, of Texas, and Miss Fannie, with whom she lived. Farmville weeps with her and if loving and tender sympathy of neighbors and friends may lighten her burden, or help her to bear it, she may be assured of it in all its fullness and freeness.

More people are taking Foley's Kidney remedy every year. It is considered the most effective remedy for all kidney and bladder troubles that medical science can devise. Foley's Kidney Remedy corrects irregularities, builds up the system, and restores lost vitality. Sold by all druggists.

## A Safeguard to Children.

"Our two children of six and eight years have been since infancy subject to colds and croup. About three years ago I started to use Foley's Honey and Tar, and it has never failed to prevent and cure these troubles. It is the only medicine I can get the children to take without a row." The above from W. C. Ornstein, Green Bay Wis., duplicates the experience of other users of Foley's Honey and Tar. It cures coughs, and prevents bronchitis and pneumonia. Sold by all druggists.

To My Fellow Citizens of the Fourth Congressional District.

I desire to extend to my friends who supported me at the Primary election my sincere thanks for their

loyalty, and I am truly grateful to them for the active and zealous work they did for me.

Believing that all of the candidates were friends of mine I tried so to act as not to wound the feelings of any one and have not the slightest ill-will towards any voter because he supported his special friend in preference to me. The contest is over now and I am grateful to you all for the kind and considerate manner in which I was treated during the entire campaign.

As the nominee of the Democratic Party of this District I trust to have your united support at the special election to be held on the 8th day of March next, and if elected I shall do everything in my power to faithfully represent the interest of the people of the District.

Faithfully yours,

R. TURNBULL.

## Major and Mrs. Knight.

Mrs. Knight and Miss Knight, wife and daughter of Major Knight, U. S. A., were at home informally yesterday afternoon from 4 to 7 o'clock. Miss Aileen Gorgas, daughter of Col. Gorgas, U. S. A., chief sanitary officer on the Isthmus of Panama, who is their house guest, assisted Mrs. Knight and her daughter. Washington Herald.

Maj. J. H. Knight is one of our worthy fellow countymen. Capt. J. H. Knight, and holds high and honorable places in army circles. He is every inch the soldier.

## SWEEPING PROBE OF LIVING COST

Senate Republican Leaders Agree on Inquiry.

## ELKINS WINS HIS FIGHT

Investigation Will Cover Wages and Cost of Living Over the Entire Country—Committee Ordered to Suggest Remedy.

Washington, Feb. 9.—The Republican leaders in the senate perfected a resolution directing an investigation into the cost of living. It was introduced by Senator McCumber, of North Dakota, and takes the place of the several resolutions presented in the senate.

It was referred to the committee on contingent expenses, which will consider the question of cost of conducting such an inquiry.

In making the investigation it is provided that special attention shall be given to the following subjects: Wages, salaries and earnings, and whether the increase in them has kept pace with the increase in the cost of living.

Increased cost of such articles as meat, grain, provisions, cotton, wool, clothing, rents, lumber, coal, iron, oil, brick and cement.

Price to the producer, the wholesaler or jobber, retailer and the consumers at which articles, included in the investigation were distributed and sold in the year 1900, and the price for their disposition and sale at the present time.

The cost of production of the articles mentioned and the cost of their distribution and sale when in the hands of the wholesaler or jobber and the retailer, between the same periods.

Whether such articles have been increased in price by reason of the increased production of gold throughout the world and the expansion of the currency in the United States, or by tariff or other legislation of congress or by any monopoly, combination or conspiracy to control, regulate or restrain interstate or foreign commerce in the supply, distribution or sale of such articles.

The prices of food products on the farm in various parts of the United States.

Wholesale prices of such food products at the wholesale trade centers of the United States.

Retail prices of such food products in the larger cities of the United States and also a comparative statement showing the costs of production on the farm.

The committee is ordered to report to the senate, suggestions or recommendations as to the remedy to be applied to reduce the cost of living and accompany its report with drafts of bills for legislation as will, in the opinion of the committee, correct and remove the causes which have enhanced the prices of the necessities of life.

The resolution for the inquiry bears the name of Senator Elkins as author and embodies the principal features of the McCumber resolution as well as some of those contained in the one introduced by Senator Lodge. This is a victory for Elkins.

The inquiry is to be conducted by a select committee of seven senators, and it is planned to assemble all of the information possible bearing upon the increased cost of articles of food since 1900 and report if possible at the present session of congress.
